

The Wheelhouse, 4 Pool Farm Cottages, Frogmore, Near Kingsbridge, Devon TQ7 2NU.
Phone: 07710 234646. Email: info@andanteyachting.com

We teach RYA navigation courses in a variety of ways. Continuous 5 or 6 day courses are often the most time effective format. We also teach as a set of 'tutorial' evenings and sample programmes are shown below. This has proven to be very successful, particularly if you already have some knowledge of the topics involved, since the teaching content can be adapted to the needs of the individual or group being taught.

Schedules and related information

- Choose whether to sign up for the whole programme or pick individual evenings.
- The rest of the course and the homework is completed at your convenience; you will need to schedule time for this.
- **Reserve your place by using our enrol form or via www.andanteyachting.com.**
- **Evening classes start at 19:30 and end at approximately 21:45. Daytime teaching by arrangement.**

Tutorial prices - see notes below

- The **Day Skipper** programme costs **£159** per person for the set of six Tuesday evenings.
- The **Coastal Skipper and Yachtmaster Offshore** programme costs **£179** for the seven Wednesday evening set.
- If you prefer to book **individual evenings** they cost **£35** each.
- These charges include reasonable amounts of 'free' telephone and email support throughout the period.

Important notes

- **These teaching programmes do not cover the whole RYA syllabus.** You will need additional material and an RYA recognised correspondence course, textbooks and / or one of the popular teaching CDs will do the job for you. We can advise on and supply this type of material.
- **Depending on the package you select you may also need to acquire the RYA material for the course** - we can supply it. Price is £32.50 per set for either course.
- **If you want us to mark your RYA coursework and exams** then the cost of this is £70 for Day Skipper and £90 for Coastal Skipper and Yachtmaster

Offshore. This includes ONE re-mark of each piece of coursework and exam. **Note that your RYA course completion certificate can only be issued once all coursework and exams have been satisfactorily completed.**

Intensive and customised courses

We would be pleased to discuss your requirements with you and provide a quotation to cover the teaching package that best meets your requirements. If you can make up a group or want 'one on one' tuition we can supply it.

We run intensive 5 or 6 day courses and if you contact us we can tell you what is planned and maybe set up a course for you.

	Topic 1	Topic 2	Topic 3
